MASTER OF BUSINESS ADMINISTRATION IN OIL AND GAS

(KPT/JPS(PA 3800)06/19)

PROGRAMME DESCRIPTION

MBA in Oil & Gas program is designed to equip graduates with the appropriate management skills and knowledge to undertake a leadership role in the oil and gas industries. This course provides a thorough understanding of strategies of business issues across the entire hydrocarbon value chain from exploration to the retailing of petroleum and petroleum products. This qualification will provide highly valued industry insight, including an overview of contemporary issues in the market. As the Oil and Gas is one of the fastest growing sectors, it demands domain focused professionals who can create and implement strategies and contribute to the growth of this sector.

PROGRAMME AIM

The aim of this programme is to equip graduates through a challenging and attractive academic process for appropriate analysis and application of key management theories in the practical arena of the oil and gas industry. This would determine developing the student's intellectual ability by firming the knowledge in the field of oil and gas resources.

PROGRAMME DURATION

Duration : 18 Months
